UNIQUE Runner Mats™

The basic need of the body for comfort is the foundation for a balanced existence with mind and spirit. In our experience, no single group of individuals understands the virtues of a good anti-fatigue mat better than you, the stylist, to establish this balance. My team at IC Urethane Products has focused since 1999 to deliver the most technically advanced mat in the form of our engineered 100% Polyurethane composite system. Each UNIQUE Stylist Mat™ consists of a flexible skin chemically bonded to a medium density foam. The results are immediate impact absorption and optimum compression for maximum comfort.

Take a load off your body;
you only have one...it is unique!
